LIFT ASSIST

POSITIVE POSTURE®

LIFT ASSIST

THIS IS NO ORDINARY RECLINER

The Positive Posture Lift Assist line combines unmatched comfort and precise ergonomics with an easy-to-use gentle, but strong, lifting function. True Zero Gravity® functionality offers positions that promote wellness, relaxation, and improved circulation. Offered in both Duke and Luma styles, the Positive Posture Lift Assist recliners are a stylish, functional addition to any home.

MAIN FEATURES

True Zero Gravity with Comfort Control Technology

Gentle, easy-to-use lifting function

Five key positions: upright, TV/reading, True Zero Gravity, high therapy, and lift assist—plus infinite positions in between

Soothing warmth from heated back and seat cushions

Soil Resistant Antimicrobial Polyurethane (AM/PM)

Ultra smooth and quiet electric recline

Independently adjustable back recline and footrest (operated by three independently controlled motors)

Full coverage memory foam

Lumbar support pillow to provide full lower back support; pillow is adjustable

Cervical support pillow (neck bolster) to encourage proper alignment of the upper spine; pillow is adjustable and removable

Articulating, adjustable headrest

Backlit remote with memory and recline positions

Steel frame construction for longevity

Battery backup for ease of mind

Optional lockout-recline and leg rest safety

THE STORY BEHIND TRUE ZERO GRAVITY

Floating in absolute weightlessness? You will not be able to achieve that specific state here on Earth. However, by focusing on how every inch of your frame is perfectly positioned and fully supported, Positive Posture furnishings reproduce that sublime sensation quite faithfully... more so than any other line. From sculpted support for enhanced rest, and highly efficient, gravity-assisted circulation, to optimized lung capacity and accelerated healing, Positive Posture products and the decades of research behind them take art, science, and your overall wellness to new levels.
